- English
- Urdu

PROFILE

Motivated BSIT student specializing in Python and Web Development. Experienced in creating responsive websites and managing databases through practical internships and projects. Prepared to contribute to a professional software team and deliver high-quality web solutions as a Junior Developer.

WORK EXPERIENCE

Web Developer intern

Erudite Coaching Centre (ECC), Islamabad (4 Months)

- Successfully completed web development internship with exemplary performance.

Web Developer intern

Coretech | Remote (2 Months)

- Built responsive and clean web interfaces using HTML, CSS, and JavaScript..
- Collaborated with the team remotely to deliver tasks on time and fix UI bugs.

PROJECTS

Student Management System (full_stack)

- python, Django, SQLite/MySQL, Chart.js, Bootstrap | GitHub
- Developed a multi-tier ERP portal utilizing Django Custom User Models and Middlewares for role-based access control, integrating interactive data charts and automated custom workflow rules.

Inventory Management System (full-stack)

- Python, Flask, MySQL, JavaScript, HTML5, CSS3
- Developed a 3NF-based Inventory Management ERP system with automated stock tracking, billing, and sales management. Implemented MySQL triggers and server-side calculation logic to ensure real-time inventory updates and accurate invoicing

Secure Banking System (full-stack)

- Python, Flask, MySQL, SQLAlchemy, Jinja2 | GitHub
- Developed an ACID-compliant financial system with multi-role access control, automated loan workflows, and an immutable compliance audit trail using optimized MySQL connection pooling.

CERTIFICATIONS

- Web Development - PITP (Govt of Sindh)
- Python Programming - PITP (Govt of Sindh)
- Data Science - PITP (Govt of Sindh)
- AI Prompt Engineering - Google / Coursera
- Graphics Design - PITP (Govt of Sindh)
